

Company overview

Responsive Communications.

Zayas Hendrick Mediaworks (ZHM) is an award-winning communications firm bringing together the worlds of multi-platform media production, instructional design, website design and architecture, graphics and animation design, media training, and event management. We integrate our capabilities as needed, providing you a one-stop resource for all of your communications requirements.

As an SBA 8(a)/SDB, woman-owned small business on the GSA AIMS Schedule, ZHM has a deep knowledge of the federal marketplace, understanding the unique requirements of government projects. We recognize how government often calls for the added creativity and flexibility of the private sector while keeping costs low to ensure tax dollars are intelligently spent. Delivering beyond expectations while hewing to strict budgetary guidelines is a ZHM guiding principle.

ZHM has extensive private-sector experience, applying our technical expertise and creative knowledge for television and radio networks, corporations and non-profit organizations for more than 20 years. Whether it is creating a new promotional video, designing a new website featuring the latest in mobile applications, developing and implementing online and in-person training, or managing conferences and meetings, we can help you deliver clear, concise information that connects with audiences across the communications spectrum.
